Be useful from the love of use, and not for the credit of being useful.

Improve yourself by all the means in your own power, mentally and physically. In the time of Danger and trouble, think first, and then act coelly and decisively.

Never be prejudiced, or allow yourself to be led, without first judging of yourself.

In studying, concentrate your thoughts and ideas solely upon the subject before you.

Never be idle. Always have something to day remember "moments are the golden sands of life."

Always get up when you first wake in the morning; one hour at that time is worth two at night.

Did space permit, we could give many amplified the first that we here the Bills have been useful facts where the Bills have been useful for the present a state of party, and condition to the drugs themselves, but of the medicinal virtue only to a many any process. The reason is perfectly obvious. While by the old medo of composition every medicine is burdened with more or less of accimentative virtues only that is desured for the character of the procession, every medicine is burdened with more or less of accimentative virtues only the being retained. Hence this self-evident the effects should prove as they have noved, it are purely remedial, and the Bills was the retailed the description of the conditions where the Bills have been useful antibodied to discover the angelian and study, are offered to be present what of the present what is desired by Chemical transported by Chemical tr

the morning; one hour at that time is worth two at night.

Due every thing in a cool, active and energetic manner; hover allow lazy feelings to overcome you.

Harden, in every possible way, your hoody; keep your mind and conscience perfectly bright.

Never be ashamed of praying. "Call upon the Lord in thy trouble, and he will answer thee."

Persevere. Never give up a thing until

Persevere. Never give up a thing until have no mysteries.

"Perseverance is the best school for every manly virtue."

Be truly polite. Lord Chesterfield says:

"Cond broadlines is Lord Chesterfield says:

"Cond broadlines is Lord Chesterfield says: and by restoring their irregular action to health and by recreating, wherever they exist, such de-rangements as and the first origin of discase.
